Maria,

I would like to request the following additional data to assist CAL FIRE in our review of origin and cause investigations related to the fires in the Napa and Sonoma counties. I am requesting any and all records related to the sites listed below including, but not limited to, any and all records, logs and/or reports concerning; 1) maintenance and repairs, 2) emergency construction and repairs, 3) vegetation management activities, 4) vegetation management inspection reports, and 5) any notices provided to any landowners in the areas listed below. I would like to request this information dating from October 8th, 2013 to October 8th, 2017.

I would also like to request additional data to include any and all records related to the sites listed below including, but not limited to, any and all records, logs and/or reports concerning any outage, unplanned outage, trouble and fault data or reports. I would also like to request any data and maps within Outage Information Systems and related operation and mapping systems including but not limited to outage times, outage location, equipment involved and cause of outage. The dates I am looking for are the same ranges as previously sought, 1200 hours on October 8th, 2017 to 1200 October 9th, 2017. In the area of Pythain Road, the 1200 hours on October 8th to 1700 hours on October 13th, 2017.

I am requesting the information for the circuits at or near the sites listed below as well as the circuits, if any exist, within a quarter mile radius of the sites listed. In addition, I would like to request the same information for the circuits located north/northeast of the site listed for the 37 fire.
